Introduction

The Breastfeeding Promotion Network of India is a non-profit organisation working for last 30 years on protection, promotion and support of breastfeeding in India .Development of training programmes has been its key area of expertise. The training course is a unique, world class course for preparing BPNI's "Breastfeeding & Infant and Young Child Feeding Counsellor". It imparts clinical and counselling skills to enable the participants to help mothers and babies to succeed in breastfeeding, lactation and infant and young child feeding practices. It includes HIV-Infant feeding and growth monitoring. BPNI has already certified more than 1450 counsellors. The MOHFW Government of India's MAA programme has recognised BPNI to be its technical partner for this purpose and BPNI assisted in developing training modules of the MAA programme.

Aim of the course

To prepare care providers with knowledge and appropriate counselling skills on breastfeeding, infant and young child feeding and lactation management needed for children under the age of 2 years
